

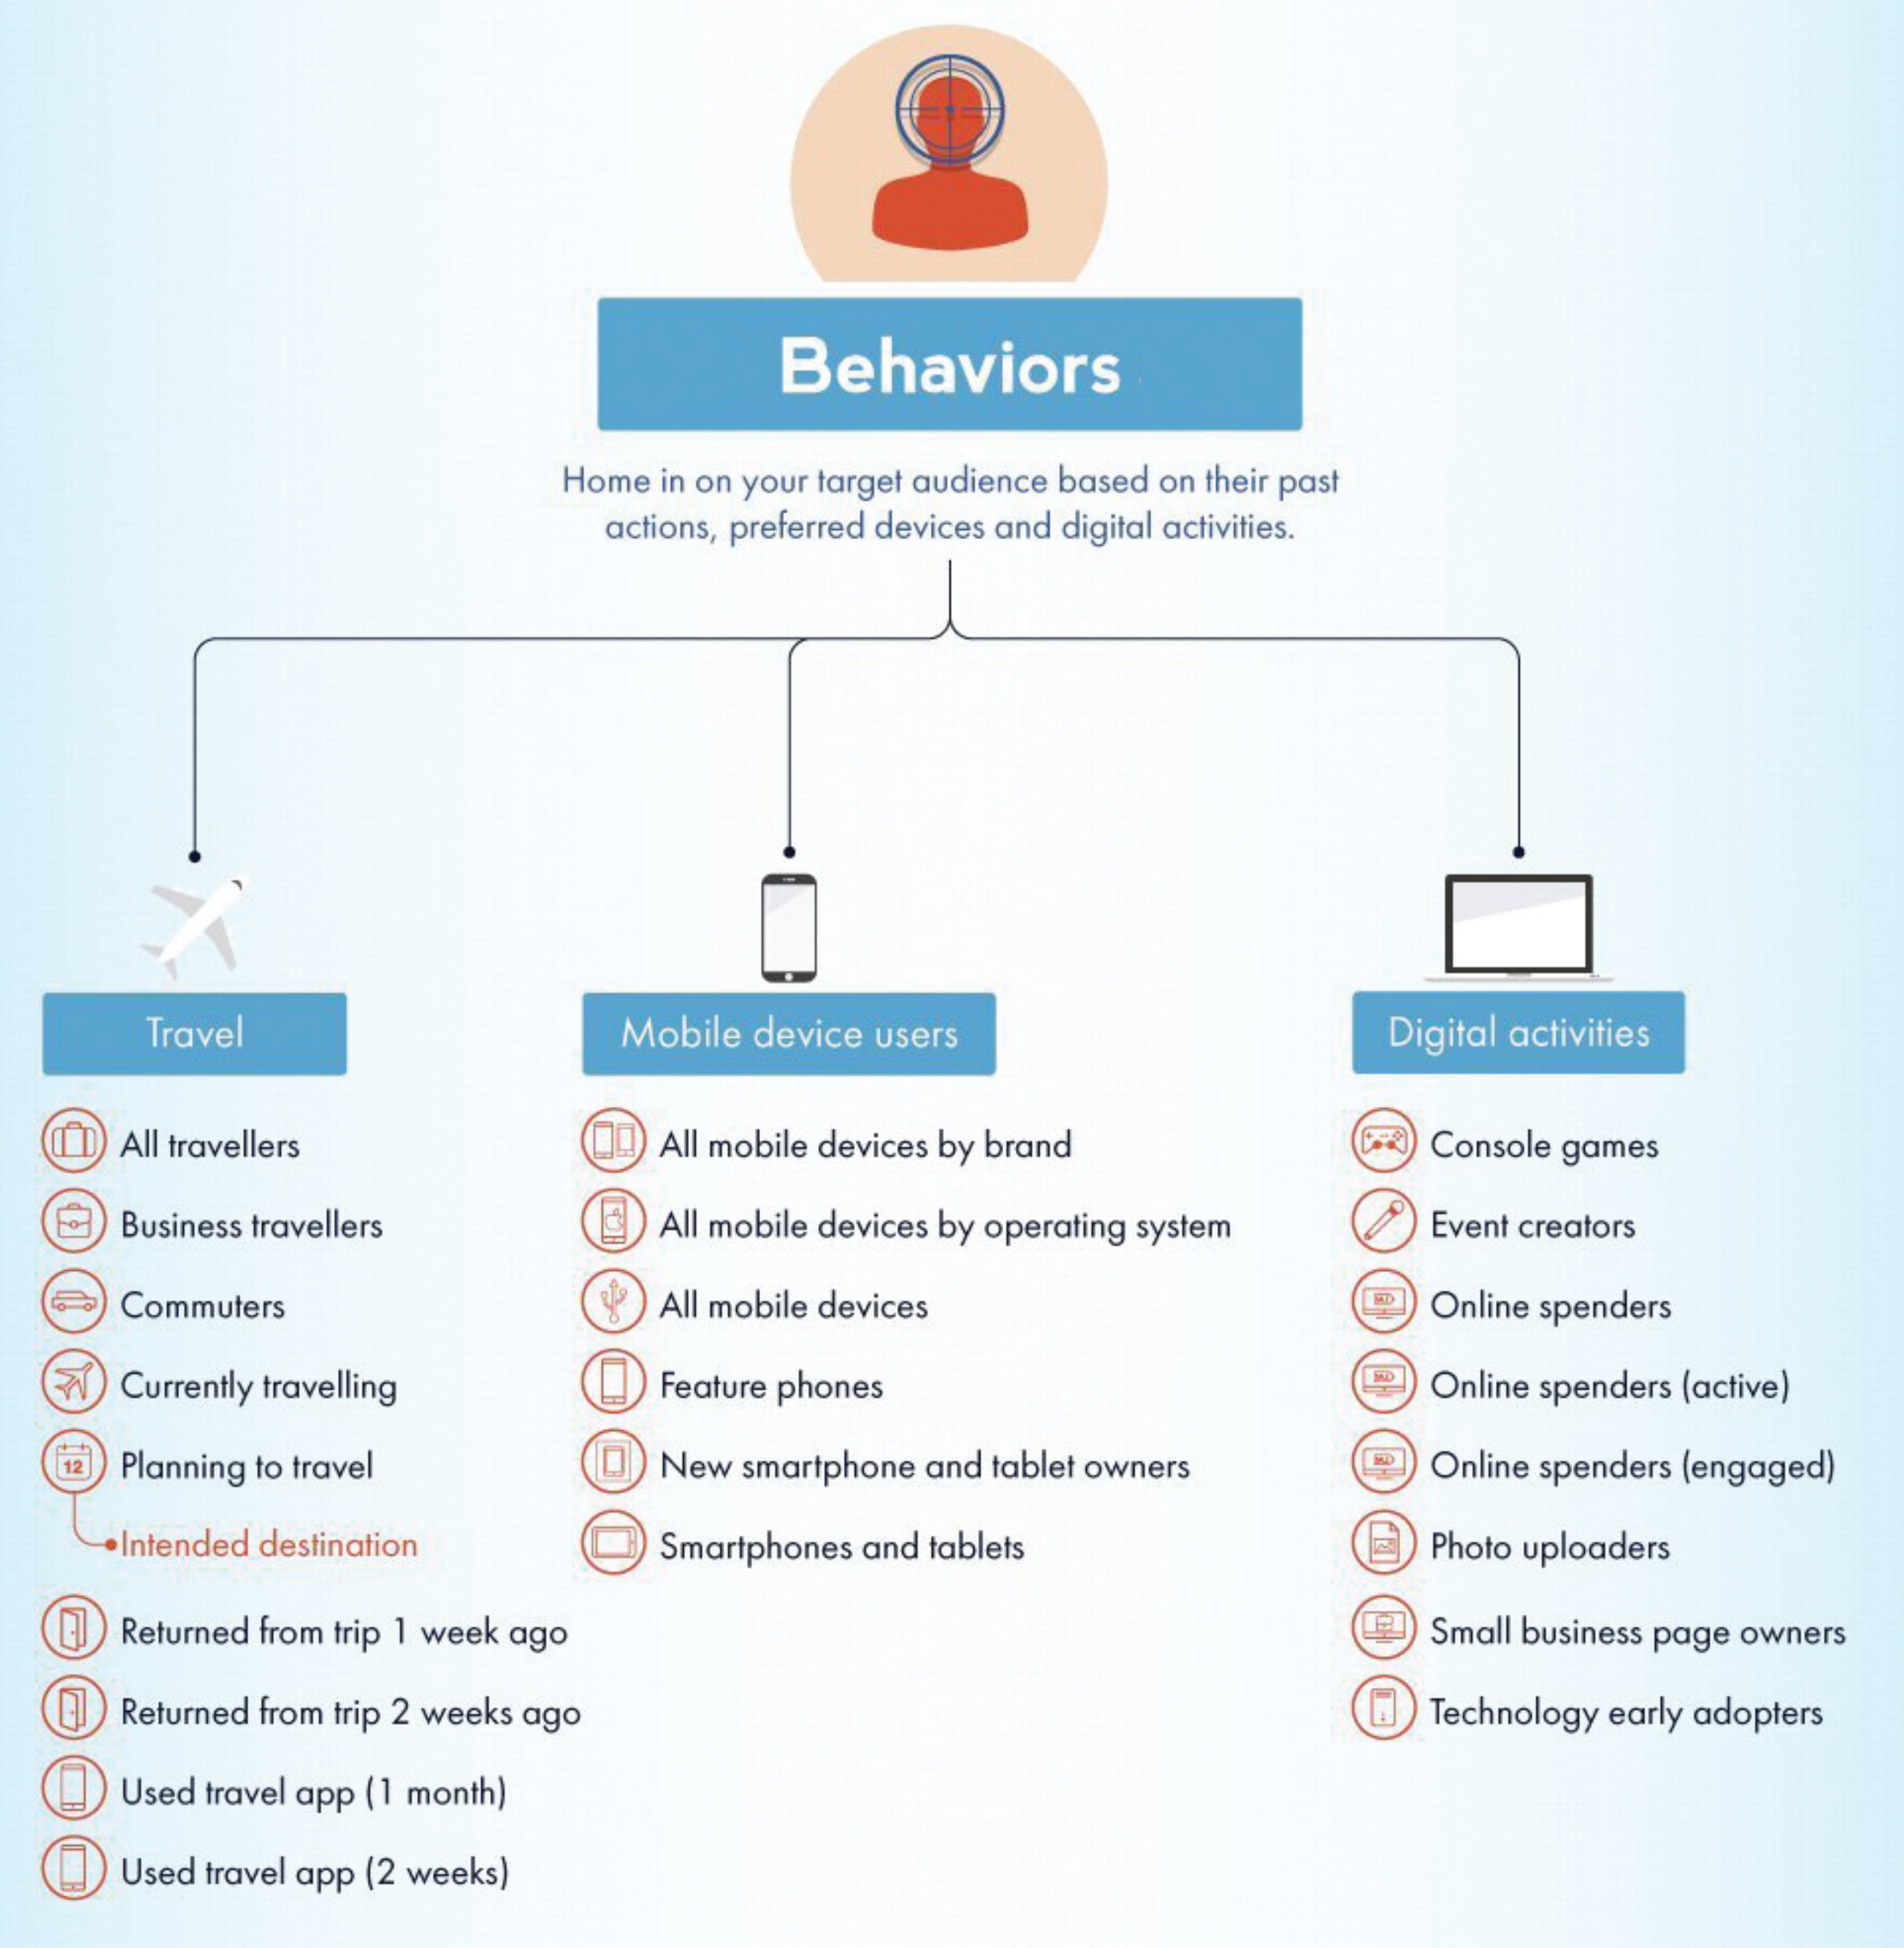

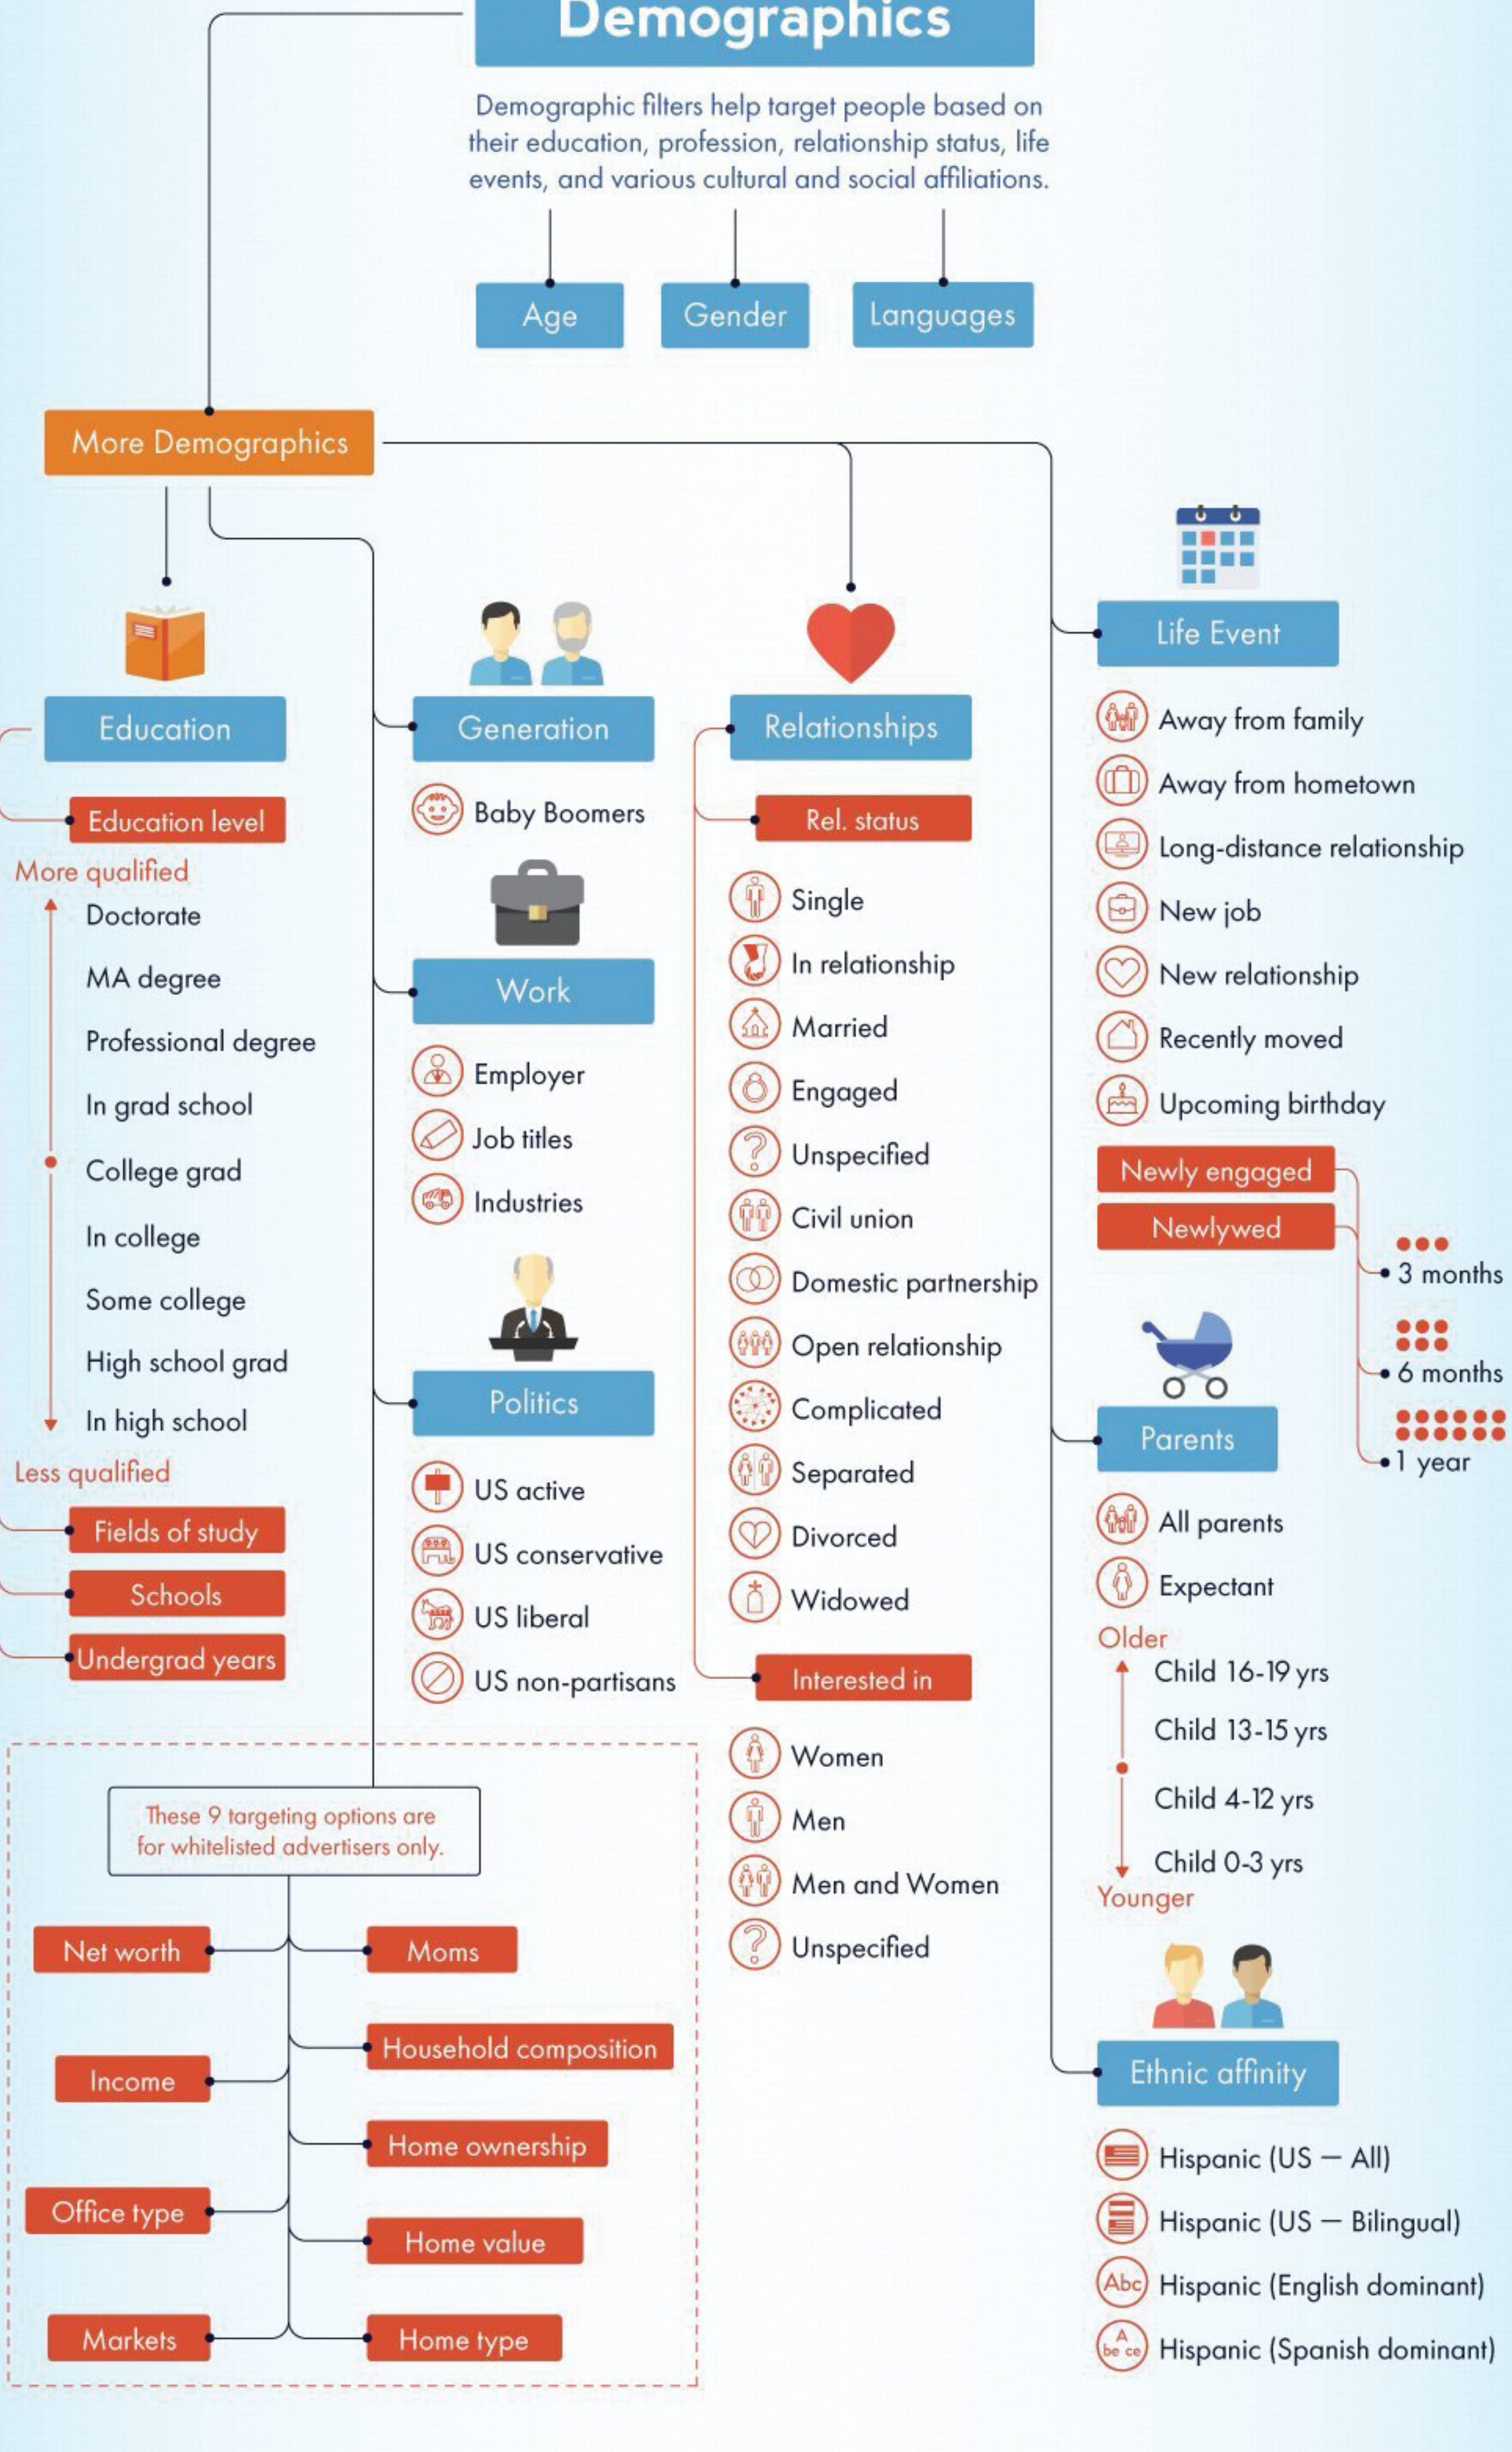

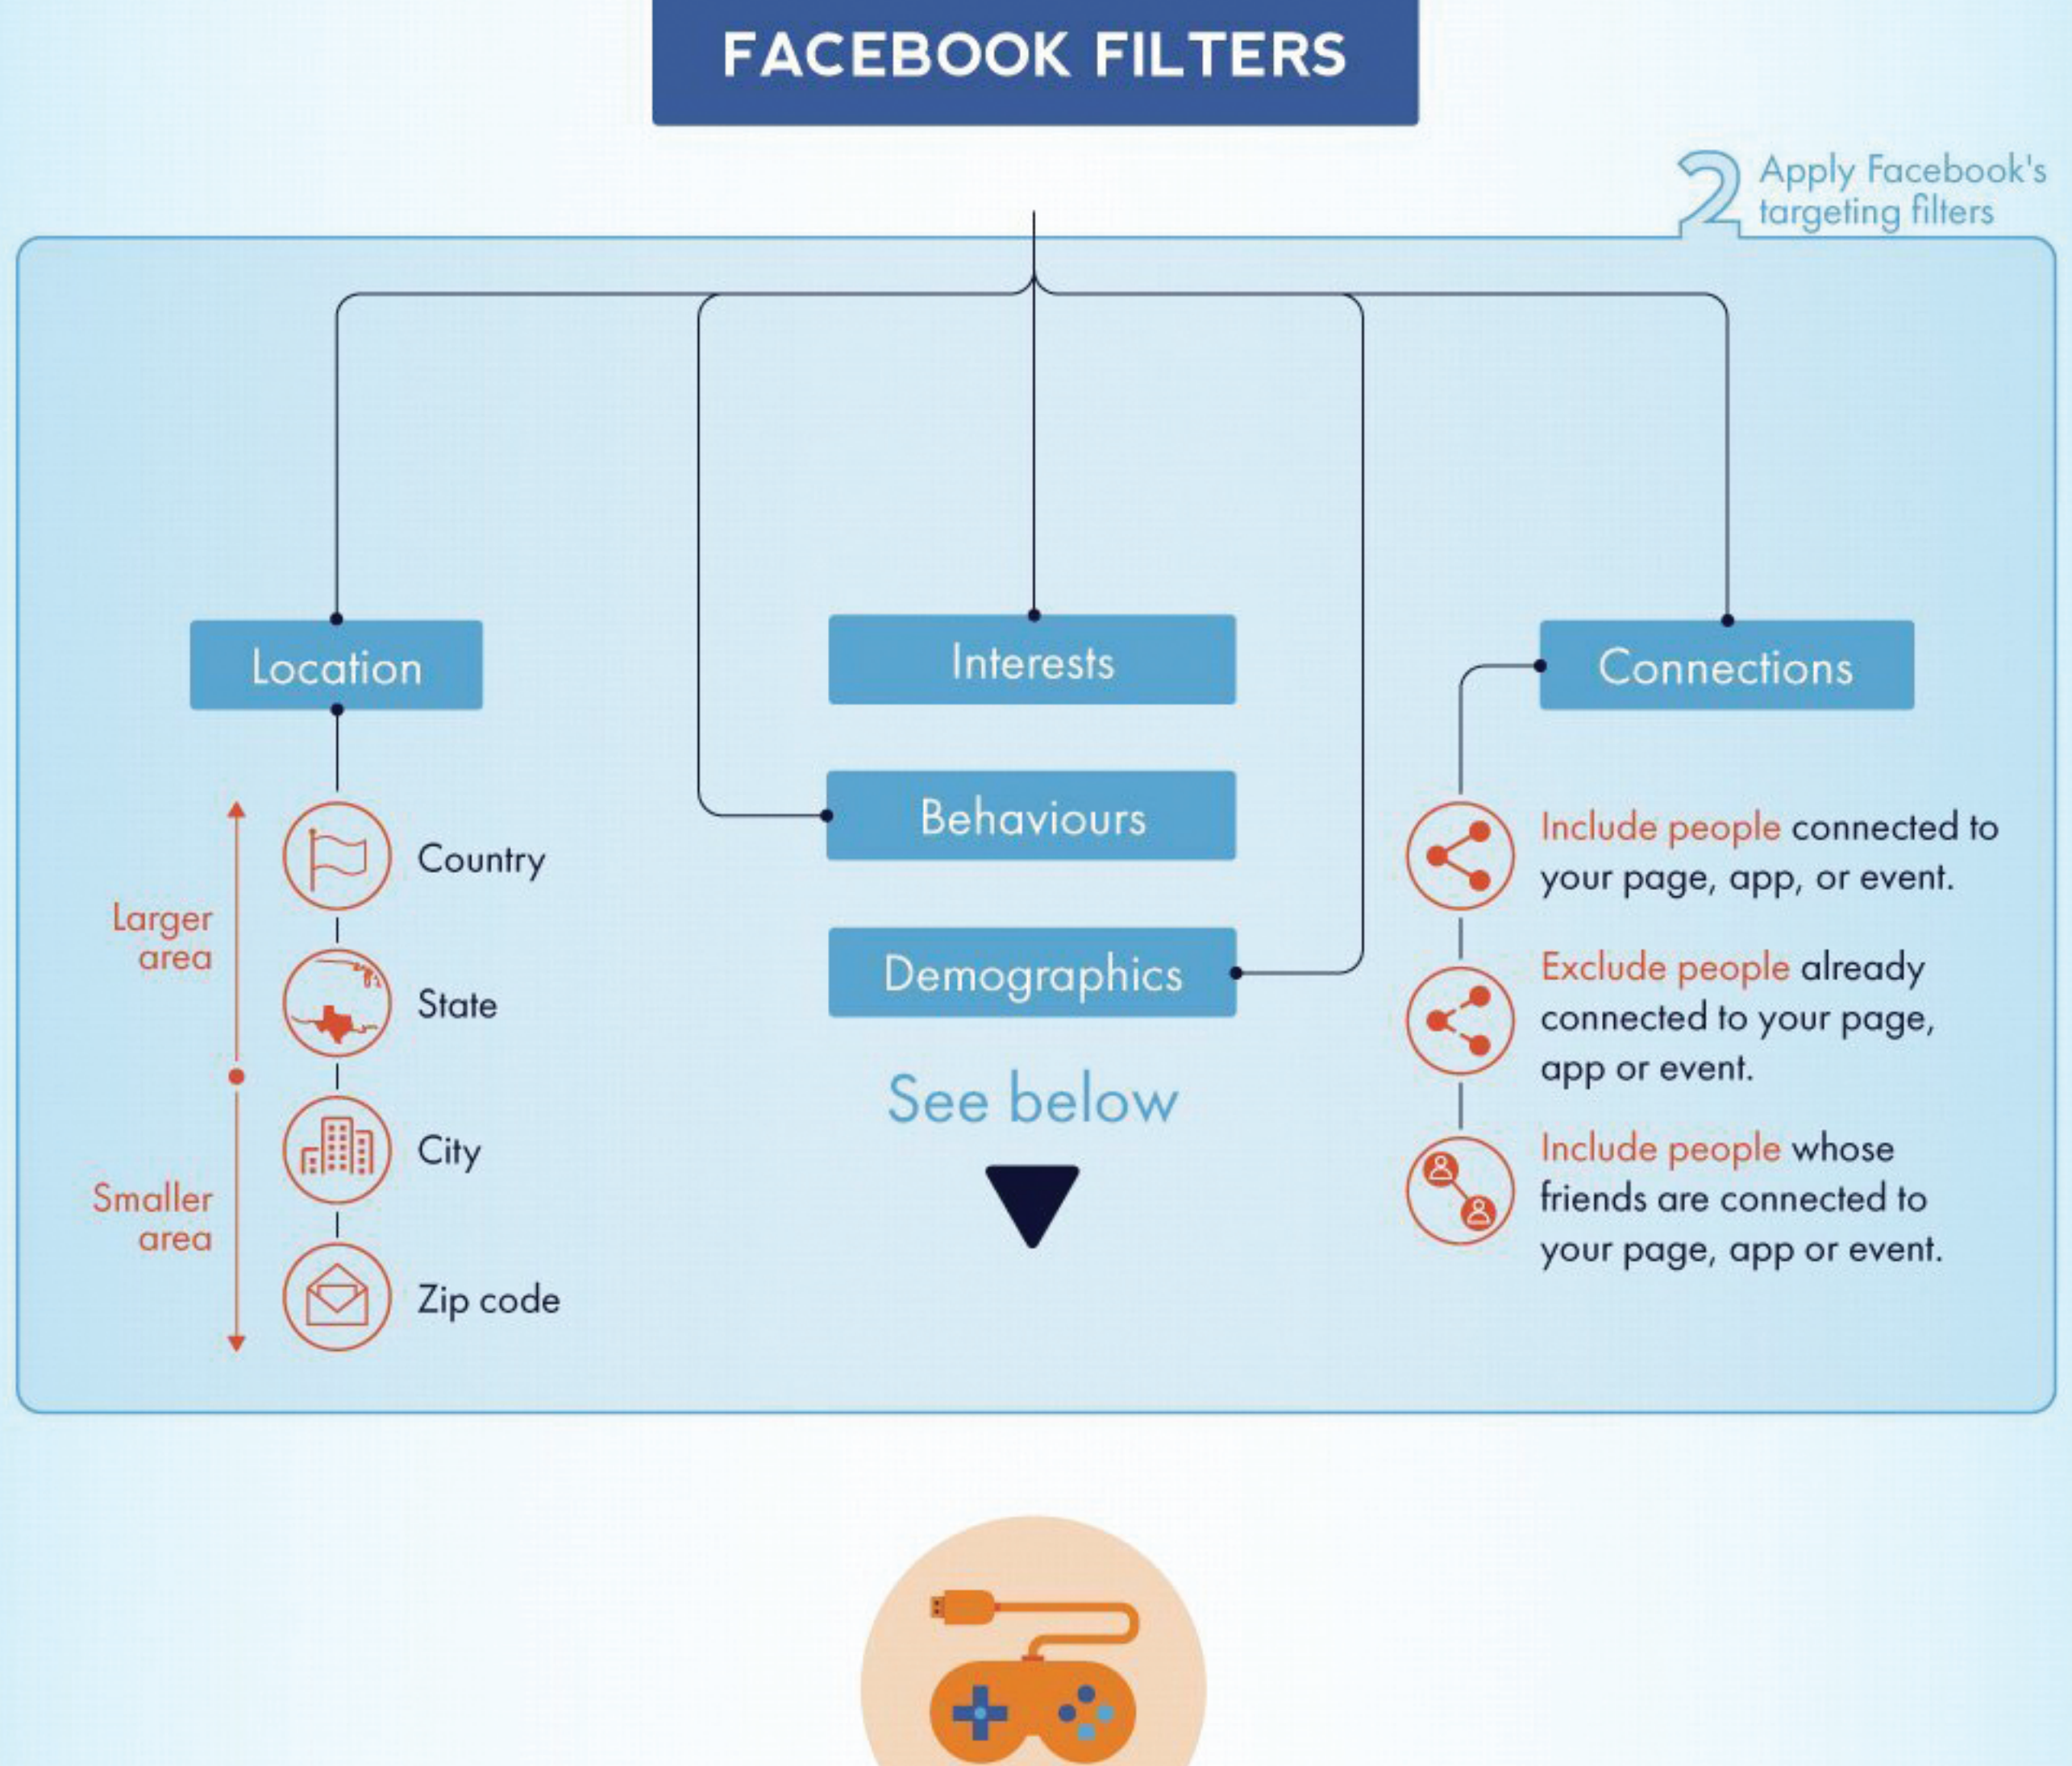

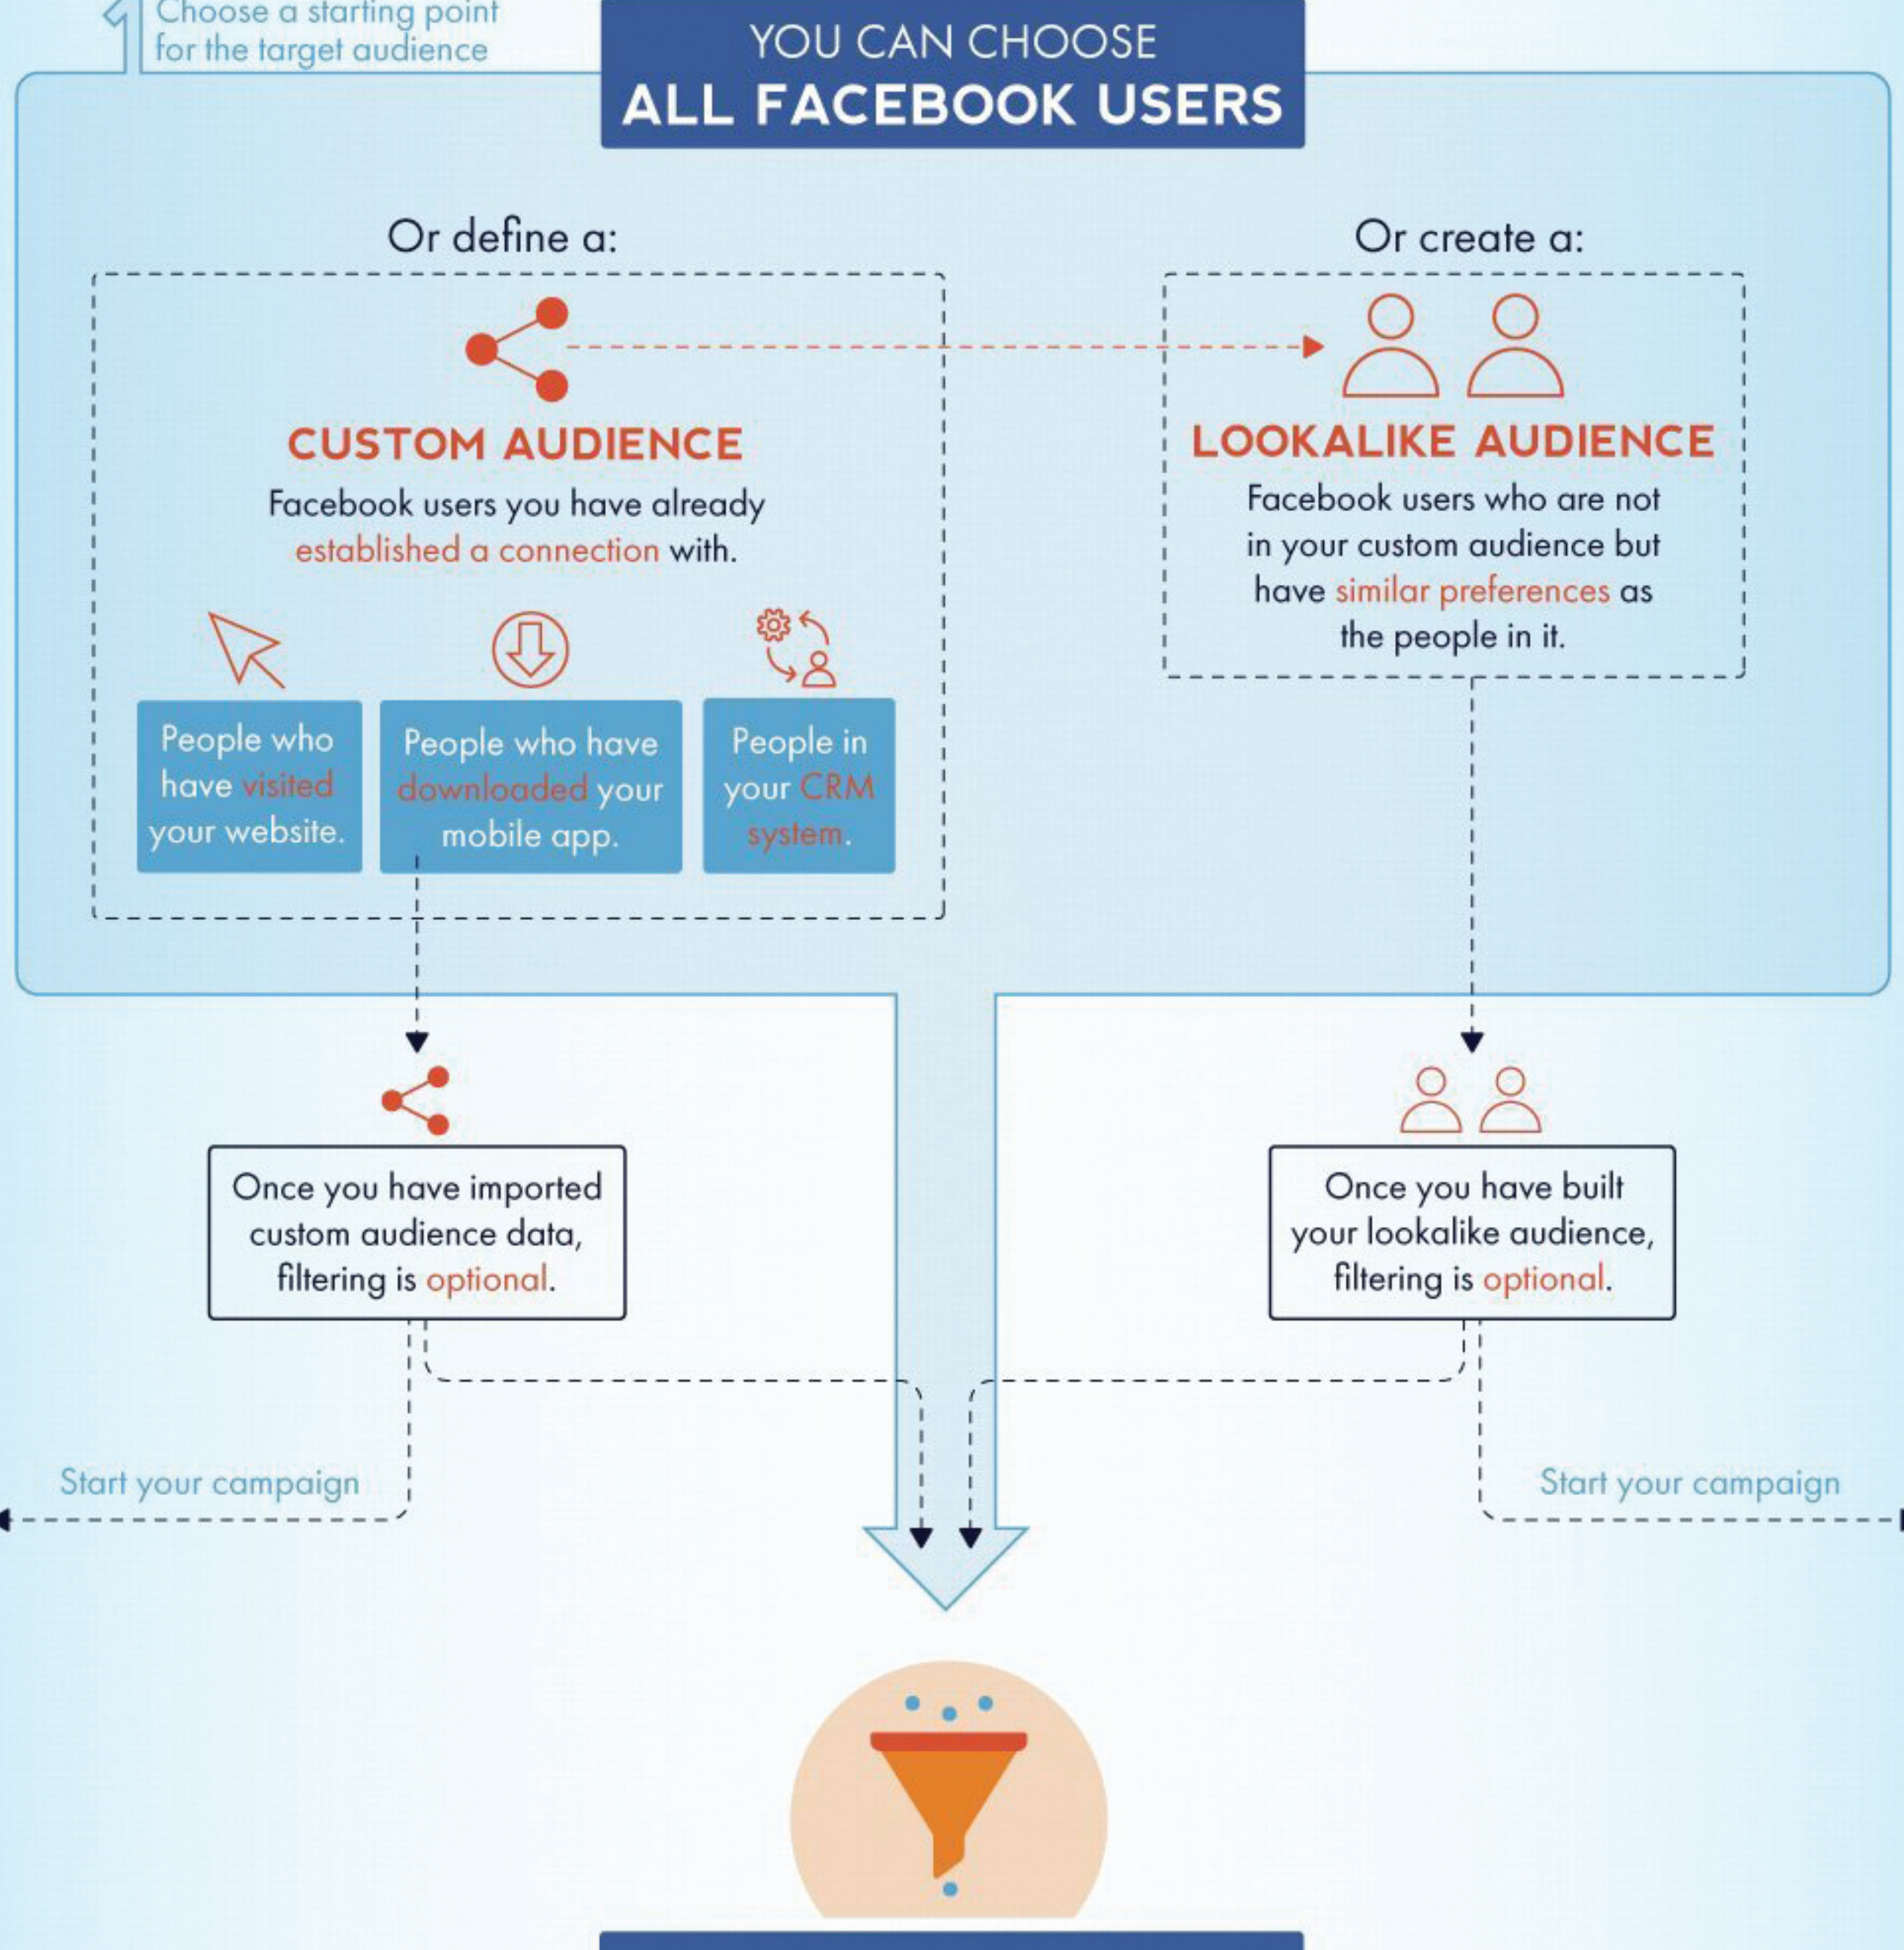

MAPPING OUT FACEBOOK'S OPTIONS FOR BUILDING AN AUDIENCE

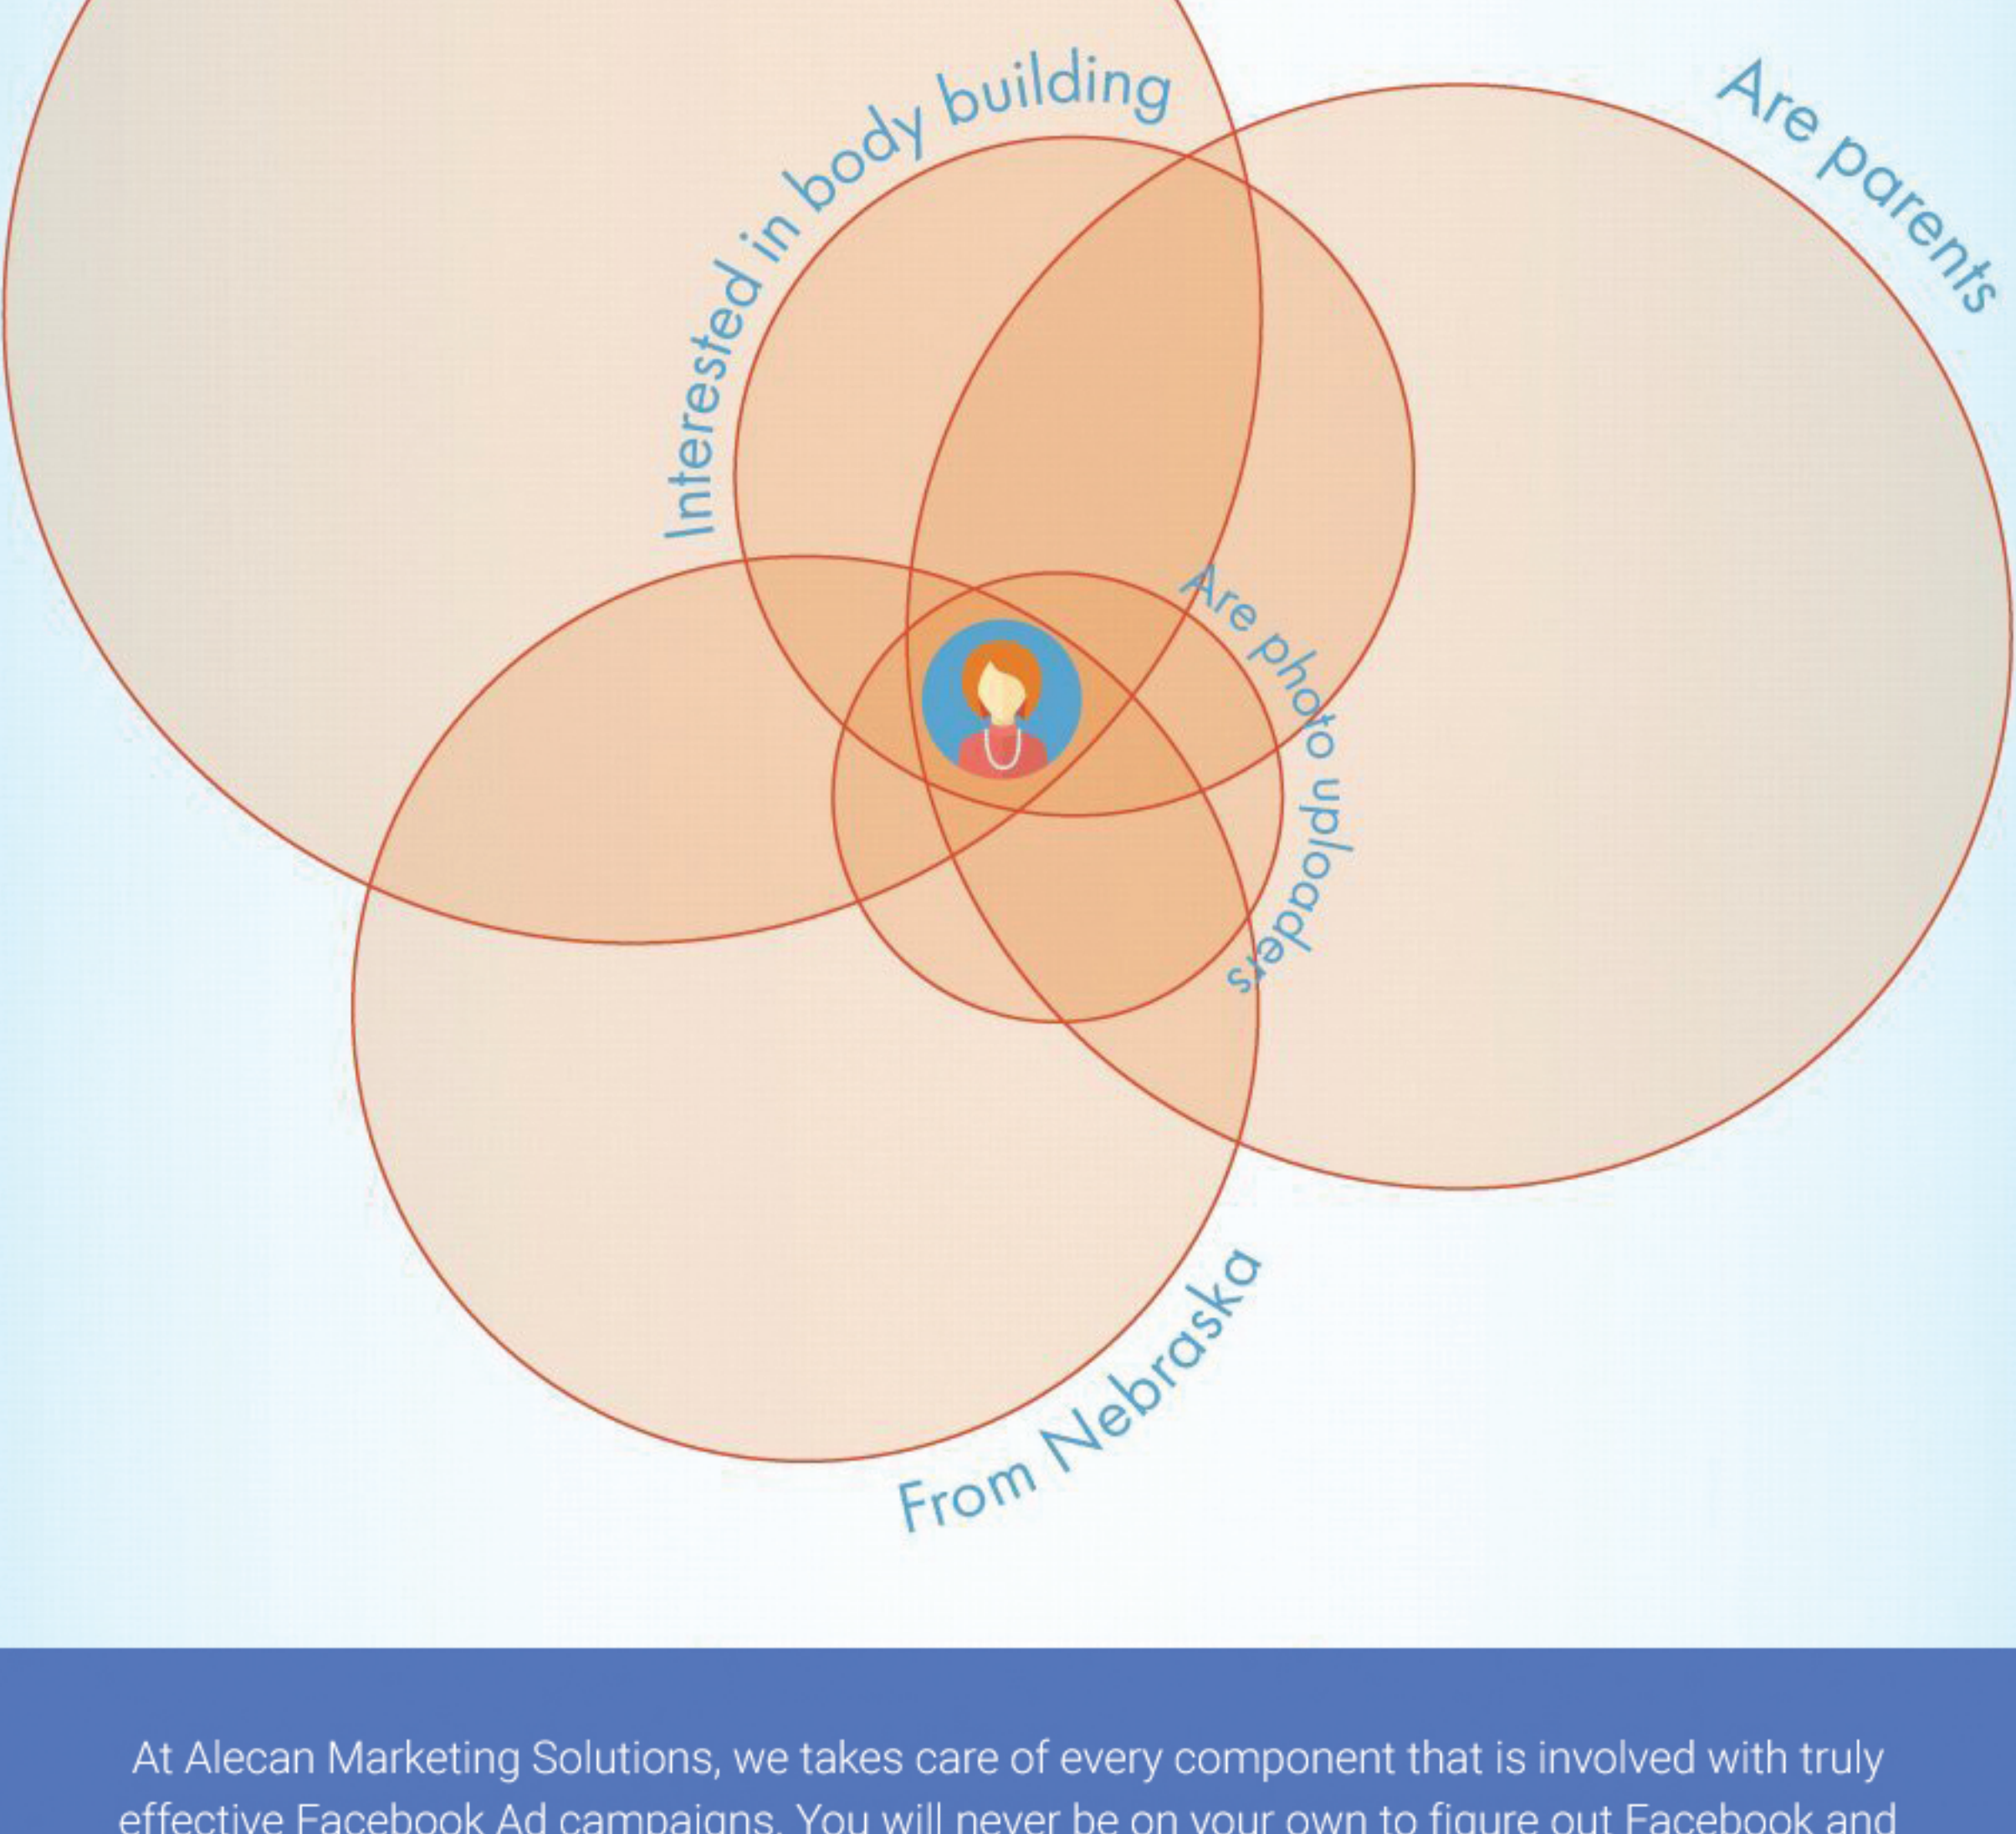

PRESENTED BY ALECAN MARKETING SOLUTIONS

More than ever before in its history, Facebook now offers advertisers a sophisticated toolkit to reach the right audience within more than 1.28 billion people. The result is that there has never been a more effective way to engage those who matter most to your business.

Facebook filters are an incredibly powerful tool, allowing you to micro-target audiences.

What other online ad platform lets you target female parents from Nebraska, who have an interest in body building and are photo uploaders?

At Alecan Marketing Solutions, we takes care of every component that is involved with truly effective Facebook Ad campaigns. You will never be on your own to figure out Facebook and risk wasting valuable time and money when you should be focusing on running your business.
